Zuluman setzt Reggae Musik keine Grenzen. Der in Zimbabwe geborene und in der vierten Generation vom großen Zulu warrior Shaka Zulu abstammende Zuluman hat sich zu einem großen Innovator von Music entwickelt. Sein musikalisches Verständnis lässt ihn Roots, Dancehall, Ragga, Rap, Dub oder Jungle (miteinander) verschmelzen und einen bunten, lebendigen style kreieren, der ein breites Spektrum an Musikliebhabern anspricht.

Zulumans musikalische Karriere hat ihre Anfänge in den frühen 1990er Jahren in Harare, wo der Artist der führenden Reggae Band Transit Crew als Leadsänger beitrug. Mit drei Alben und mehreren Hitsongs dominierten sie Reggae Szene des südlichen Afrikas und spielten, oft als Headliner, auf zahlreichen Memorial Festivals und Konzerten wie dem Zimbabwe Sunsplash und einem Konzert zu Ehren Nelson Mandelas, bei dem er zwei Wochen nach seiner Gefängnisentlassung in Zimbabwe empfangen wurde.

1992 zog Zuluman nach Köln, wo er das Liontribe Music Label gründete. Zuluman ist seitdem unzählige Male aufgetreten und hat in zahlreiche populäre Musikprojekte durchgeführt so wie Reggae Homeground, Newbeats, Zuluklan, Millenium of Dub, Lions Den und jüngst Blackmind und ARK e.V. (African Roots Köln).

Seine aktuelle Band Blackmind bringt Musik aus Afrika, Europa und den karibischen Inseln zusammen. Die band mit ihren 7 Mitgleidern hat einen originalen und authentischen Reggae Sound gepaart mit modernen Elementen urbaner street sounds.

Zuluman and the Blackmind's style repräsentiert eine neue Generation musikalischer Wertschätzung und spricht old und new school Fans an. Die Energie der Band bewegt die Zuhörer zum Mitmachen und verwandelt jede Konzerthalle, jeden Club oder Open Air Location in einen lebendigen und lauten Event.
